CAR-T Centers
ETS Program Reference Guide

Emerging Therapy Solutions® (ETS) helps reinsurance and stop-loss payers, health plans, HMOs, and self-funded employers, along with third-party administrators and brokers, manage the risk associated with high-cost therapies for rare and complex conditions.

Our *ETS Programs of Experience* model identifies healthcare facilities that deliver quality, cost-effective care. Below are CAR-T programs for which ETS has contracted rates in place or has access to rates through single case agreements.

For assistance with your member referral or for more information, contact ETS at 877-445-4822 or by email at clientservices@emergingtherapies.com.

ETS Programs of Experience programs meet specific ETS criteria for designation and are indicated by **bold-faced type**.
Supplemental programs are indicated with standard type.
▼ Denotes facilities that currently have CAR-T therapy rates in place with ETS.
