

Roctavian® Gene Therapy Treatment Centers

ETS Program Reference Guide

Emerging Therapy Solutions® (ETS) helps reinsurance and stop-loss payers, health plans, HMOs, and self-funded employers, along with third-party administrators and brokers, manage the risk associated with high-cost therapies for rare and complex conditions.

Programs listed here are Hemophilia Treatment Centers (HTCs) that are a part of Hemophilia Alliance Network Services (HANS) for which ETS has contracted rates in place for **Roctavian™** (valoctocogene roxaparvovec) which is approved to treat adults with **hemophilia A**.

Please note that although several of the below facilities are pediatric centers, they may offer Roctavian to adults of a certain age. For assistance with your member referral or for more information, contact ETS at medicalservices@emergingtherapies.com or 877-445-4822.

 Denotes *otherwise designated* centers which ETS has direct contracted rates in place or for which an SCA is possible.
