

Elevidys® Gene Therapy Treatment Centers

ETS Program Reference Guide

Emerging Therapy Solutions® (ETS) helps reinsurance and stop-loss payers, health plans, HMOs, and self-funded employers, along with third-party administrators and brokers, manage the risk associated with high-cost therapies for rare and complex conditions.

Programs listed here are manufacturer-approved treatment centers for which ETS has contracted rates in place or has access to rates through single case agreements for Elevidys (delandistrogene moxeparvovec-rokl) which is approved to treat Duchenne muscular dystrophy.

For assistance with your member referral or for more information, contact ETS at 877-445-4822 or clientservices@emergingtherapies.com.

▼ Denotes facilities at which ETS has gene therapy rates in place.
