

# Lenmeldy® Gene Therapy Treatment Centers

## ETS Program Reference Guide

Emerging Therapy Solutions® (ETS) helps reinsurance and stop-loss payers, health plans, HMOs, and self-funded employers, along with third-party administrators and brokers, manage the risk associated with high-cost therapies for rare and complex conditions.

Programs listed here are qualified treatment centers (QTCs) for which ETS either may have contracted rates in place or may have access to rates through single case agreements for **Lenmeldy** (atidarsagene autotemcel) which is approved to treat **metachromatic leukodystrophy**. Please note that these are centers pending program evaluation.

For assistance with your member referral or for more information, contact ETS at [clientservices@emergingtherapies.com](mailto:clientservices@emergingtherapies.com) or 877-445-4822.

▼ Denotes facilities at which ETS has gene therapy rates in place.
